

APPENDIX B

Income Tax Tables

(Tax Years Beginning in 2013 and beyond)

The American Taxpayer Relief Act of 2012 (ATRA) made the income tax brackets put into place under the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) permanent and added a new top tax bracket for certain high income taxpayers. The permanence of the ATRA provisions eliminated much of the uncertainty faced by taxpayers in previous years.

Under ATRA, for tax years beginning after 2012, individual income tax rates are set at 10%, 15%, 25%, 28%, 33%, 35% and 39.6%.

Below are the 2014 income tax rate brackets. Whenever other decisions are made by Congress, you can find them at www.TaxFactsUpdates.com.
